About | ABHA

The Australian Barrel Horse Association (ABHA) was established in 1996 by three friends who shared a deep passion for barrel racing. What began as a simple idea to run small jackpot events—providing opportunities to educate and expose young barrel horses, has grown into a national organisation with more than 2,000 members and affiliates across every state of Australia.

The ABHA was originally formed to offer riders an affordable, welcoming environment to start, train, and compete on horses of all ages. While the Board has evolved over the years, this founding mission remains at the heart of the organisation today. The ABHA continues to promote accessibility, horsemanship, and community within the sport, ensuring riders of all experience levels have a place to develop and thrive.
